Dear Sir:

Applicant's attorney respectfully petitions the Commissioner for Patents to revive the above-identified application under the provisions of 37 C.F.R. 1.137(b) on the ground that the delay was unintentional. This petition is supported by the following affidavit.

The application was abandoned on December 27, 2003, due to failure to respond to an office action. Due to a computer crash, and a docketing error, the undersigned was not aware that applicant's response to a final office action was not entered, and that the six-month deadline for response had lapsed.

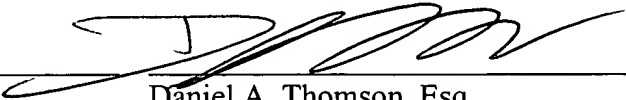

At that time, the undersigned became aware of his oversight and promptly prepared this Petition to Revive, as well as the enclosed Affidavit by John M. Skeriotis.

It is submitted, therefore, that, on the basis described above, the abandonment should be held to be inadvertent, the delay should be held to be unintentional, the enclosed Request for Continued Examination should be entered and the case revived.

The Commissioner is hereby authorized to charge the petition fee in the sum required under 37 C.F.R. 1.17(m) in the amount of \$665. The Commissioner is hereby authorized to charge any additional fees by this paper and during the entire pendency of this application to Account No. 501210.

Respectfully submitted,

BROUSE McDOWELL
